JUNE 2017

OUR
PART-
NERS

THE CID WORKS FOR YOU

The Airport Industria City Improvement District decided as part of our Social responsibility toward the community to arrange with the Western Cape Blood Transfusion Service to deliver a service to all our workers in Airport.

A new venue will soon be confirmed for the remainder of the blood donor clinics for 2017.

An email will be sent to all businesses and regular donors will be contacted Western Cape Blood Transfusion Service.

The clinic will be

The donation process takes approximately 20 minutes.

Completing the form takes up most of the time.

The donation itself takes about 10 minutes.

We look forward to your support, and remember our donations can make a difference in “saving a life”.

Please share this with your employees and place the information on your company notice board.

Thank you for your making a remarkable difference

SECURITY ALERT

SMASH AND CRAB on N2 Nyanga off ramp

Please be advised the CID have had several reports by workers in Airport with regards to smash and crabs that have occurred at or near the N2, Nyanga off ramp to Borchards Quarry.

Handbags, mobile phones, valuables and laptops must not be placed inside the vehicle or on the floor but rather be safely locked up in the boot of your vehicle that is not visible to these perpetrators, therefore aiding in the prevention of the aforesaid or alike crimes.

Please ensure that your vehicle is locked at all times!

We encourage all workers to rather enter Airport Industria via Airport Approach Road off ramp and not use Nyanga turn off at all.

Please URGENTLY inform all your staff via email and notice boards of this trend that has become a daily occurrence.

NB: THE SUSPECTS ARE ARMED AND DANGEROUS

The picture illustrate how the fence between the N2 and Montreal Drive was vandalised and stolen. This allowed criminals to use this opening as a quick escape route from Montreal Drive.

Since then, the criminal element took advantage of this opening and robbed people by knife and gunpoint. On a daily basis people are stabbed and robbed of their possessions.

The suspects then run over the N2 into Nyanga making it extremely difficult for CID security to apprehend the suspects.

As a result of the opening the CID is faced with yet another challenge. Motorists who do not want to be caught up in the traffic jam on the N2 would enter Montreal Drive from the N2 as can be seen in the picture. This has caused tremendous problems in terms of safety of motorists travelling on Montreal Drive

The CID, (with the approval of Property owners and the Western Cape Provincial Roads department) decided to erect a concrete wall. We do believe this is the only long term solution to this form of theft, vandalism and attack on our workers. The concrete wall is currently in production.

Until such time we urge all workers to be extremely vigilant when walking on Montreal Drive. Unfortunately there are a few groups operating making it difficult for security to identify the culprits.

CID Security had a massive break through yesterday, 20 June 2017. Two of the knife stabbers were apprehended. Two victims immediately identified the two men by the pictures taken of them. They were successfully handed over to SAPS Bishop Lavis.

Not all cases are reported to the CID or SAPS, which makes it difficult to keep track of this unacceptable behaviour by the criminal element. Please inform all workers to report such incidents to the CID immediately.

Security at your place of work

There are a lot of supposedly work seekers walking the streets. The majority are **“opportunists” as they have no CV nor Identity Documents at hand.**

CID Security remove several from the area on a daily basis.

Please do not open doors or gates unless you are expecting clients at your business premises or the visitor is known to you

The CID Manager would like to take this opportunity to thank all the security personnel for their loyal dedication to fight crime in our area.

Illegal Signage

Please be advised that outdoor advertising and signage are not allowed on council verges.

Businesses may only advertise on the business perimeter fence or building walls. The City controls advertising and signage in line with the relevant By-Law.

Your BIN is a TOOL for CRIME

It is a LADDER to climb over your wall
It is a HIDING place to AMBUSH you
It is used to HIDE and TRANSPORT STOLEN GOODS
It ATTRACTS VAGRANTS to your business Bin
(Diggers)

ONLY put your BIN out the morning of collection day, and make sure it is back on your premises and out of sight the same day once it has been cleaned by The City.

PLEASE HELP US KEEP OUR STREETS SAFE!

Cleaning and Maintenance

The CID provide cleaning and maintenance services over and above those provided by The City

Essential Cleaning Services attend to the cleaning of the area. 8 dedicated workers attend to the following duties on a daily basis.

Verge / Garden Competition.

The water restrictions in Cape Town effected everybody. We are optimistic that we will be blessed with abundance of rain.

The CID urged businesses to beautify their verges / gardens and take part in the quarterly garden competition. A flouting plaque was presented to the company to display in their reception area.

Yearly 'Winter' Project

The CID would like to thank workers for donating blankets, clothing, shoes and food for the underprivileged during our 2017 "winter wish".

All goods are distributed to the less privileged. We urge workers to please donate second hand clothing, shoes, blankets that are no longer used to the CID. The goods are given to the underprivileged and needy people having to face our cold winter.

December 'heart for a child' project

Companies and workers donate Christmas gifts and hampers for orphanages and hospitals. The CID will send an email to all our businesses during October / November 2017 to assist with the 2017 project.

Bread Donation

Absolute Rigging donate 40 breads to the CID on a weekly basis, which is distributed to feed the less fortunate. The CID appreciate the bread donations.
